

# RGT Cesario

RGT Cesario is an awnless, multi-purpose mid-winter wheat, suited to grazing, silage or grain production in the medium to high rainfall zone.

## A GOOD ECONOMIC OPTION

RGT Cesario is an awnless, mid-winter wheat. It has a potential for high yields in the medium and high rainfall zone. It has a maturity similar to RGT Accroc with a solid disease package to back it up.

The high yield and grain quality of RGT Cesario will bring benefits to the Australian grower.
